Insurance: I do not work with insurance companies. Insurance companies require a client be assigned a mental health disorder diagnosis in or to be reimbursed for counseling services. This mental health disorder designation becomes part of your permanent health record and can be accessed by current and future employers, the insurance industry and other such entities that deem it necessary to have your personal health record. If you want to assume the risk, I will provide you a receipt that you may submit for possible reimbursement as an out-of-pocket provider if that benefit is part of your plan. I do <u>not</u> call or correspond with your insurance company or provide additional paperwork other than a receipt. You are responsible for payment in full at the end of each scheduled session.

<u>Agreement:</u> By signing below, you indicate that you have read, understand and agree to the terms and conditions outlined in this Financial Agreement document (2 pages). Your signature also indicates that you have had the opportunity to ask questions and/or discuss any concerns with me in the first, intake, session.
